Thung Song Hong,
Bangkok 10210

Dear Mr. Chareon,

Thank You.

We would like to express our sincere gratitude for your warm welcome and hospitality extended to the recent visits to MWA of both the Members of the House of Councillors, the National Diet of Japan (January 14, 2012), and the students of the Thai-Japanese Association School (January 18, 2012).

Please be informed that the Members of the House of the Councillors were glad to hear that MWA could overcome the difficulties during flooding due to great effort of all MWA staff, and the effective flooding prevention measures.

As for the study tour of the Thai-Japanese Association School, the students enjoyed to see an actual water treatment, and learned much how the treatment plant is operated, as well as the training activities organized by NWTTI. We are glad that this is a good opportunity for them to broaden their experience.

Once again, thank you very much for kind and well arrangement for both visits. Please kindly convey our sincere thanks to all of your staff for their kind contribution.

Very truly yours,

Kazuhiro Yoneda
